**APR Workshop on Environment Education in Scouting**

Dear Colleagues,

Greetings!

We are pleased to inform you that the World Organisation of the Scout Movement/Asia-Pacific Region in collaboration with Persekutuan Pengakap Malaysia is organising the APR Workshop on Environment Education in Scouting on 4-7 June 2012. The workshop will be held in Sabah, a state in Malaysia that is well known for its conservation efforts and well-preserved natural parks.

'**What Scouts Can Do**' is the theme of the workshop to highlight Scouts as prime movers in creating positive change towards their environment.

The workshop will coincide with the celebration of World Environment Day on the 5th of June and will focus on environment education in Scouting. It addresses two levels: the national level for the development of educational programme and the unit level where Scouts can implement the programme at their local communities.

**Aim of the Workshop**

To support NSOs with the delivery of environmental education programmes using experiential education and to implement projects on biodiversity. Also, to celebrate the 40th Anniversary of UNEP on 5th of June.

**Objectives**

- To raise awareness of environmental issues and identify local actions that Scouts could undertake.
- To support NSOs and encourage them to take an active role in developing environment education programmes and adopt the World Scout Environment Programme of WOSM.
- To establish a network of potential leaders who can lead, monitor and evaluate the environmental activities in their countries and share information on existing partnerships in environment.

**Date: 4-7 June 2012**

Participants are requested to arrive at Kota Kinabalu International Airport, Sabah, Malaysia on 3<sup>rd</sup> June, and may leave on 8<sup>th</sup> June 2012. Participants may extend their stay on their own expenses.
